

Lowestoft Community Church welcomes you to 'Vision Sunday'

Sunday 5th October 10am

An opportunity to focus on our vision and values

An opportunity to consider how can we grow

A moment to reflect on how we can introduce more people to Jesus

Mike Betts will be speaking on the theme

There are many who say 'who will show us some good?' Psalm 4:6

All around us are people God loves. Most of them do not know this. These same people in our community face big challenges and pressures: economic pressure, social pressures, family crisis, isolation, fear, loneliness, health issues and crime – the list is endless.

God has been speaking to us over recent years about some of the purposes on his heart for us as a Church.

- ✔ We believe Jesus desires us to be even more of a blessing within the town and area we live in.
- ✔ We believe Jesus wants to reach many people in this area with the Gospel.
- ✔ We believe Jesus has purposes for us in serving the nations of Europe and beyond.

- ✔ We believe these are days for us to become more and more missional as a church.
- ✔ We believe we live in days of growing opportunity for the Gospel.
- ✔ We believe God wants us to grow and reach more and more people.

We face questions: How? What? When? Who?

Vision Sunday will seek to stimulate us to ask God about these issues in both our corporate times together and in our ever increasing small group life.

Vision Sunday will help us get ready to move on and take new ground.
